---

## SKILLS

- **Programming Languages**: BASIC, C, Java
- **Technologies**: Android, Web (Frontend)
- **IDEs**: Android Studio, BlueJ, CLion, IntelliJ IDEA
- **Version Control Systems**: Git
- **Others**: RESTful APIs, Google Play Services and Firebase for Android

### Other

- Proficient in English, Hindi and Bengali
- Interested in poetry, short story writing

## EXPERIENCE

### Code Reviewer and Mentor at Udacity — Jan 2018 — Present

I review student submissions of projects for the Android Developer Nanodegree, and act as a mentor for students participating in the programme.

### Microsoft Student Partner — Aug 2017 — Aug 2018

Microsoft Student Partners (MSPs) share their deep knowledge and passion for technology with their fellow students, building leadership and communication skills along with technical expertise.

### Technology Intern at Credit Suisse — May 2018 — July 2018

Credit Suisse Group is a leading financial services company, advising clients in all aspects of finance, across the globe and around the clock. I worked as a technology intern in the Global Markets department.

### Android Developer Intern at Toast — Mar 2017 — Oct 2017

Toast is a California-based start-up that aims to connect people over home cooked meals and fun activities. I am part of the team in charge of developing the Android client app.

### Android Developer Intern at Websites.co.in — Feb 2017 — Mar 2017

Websites.co.in is a SaaS platform that allows anyone to get their business online as fast as possible. I was responsible for making an Android app that helps you manage your website.

## PROJECTS

### Chehra – Face Recognition Attendance Management System          (Team Project)

Tech Stack: Machine Learning, Image Processing, Django, IoT, Android

A proof-of-concept attendance management system that supports recognition of multiple faces from classroom pictures.

### NotePal – Material Notepad

Tech Stack: Android

A beautiful Material Design note-taking experience with some innovative features, created as part of the Android Developer Nanodegree program. Available on the Google Play Store

### MessenJ (Java, Android)

Tech Stack: Java, Android

A P2P chat app written in pure Java and later ported to Android. Developed as Second Year Computer Engineering project for Object Oriented Programming Methodology course.
